

Anritsu presents investor relations (IR)-related information in this annual report and on various pages of its website.

Differentiation of the Website and Annual Report Content

The Company discloses detailed information on IR activities on its website, including basic information such as business results and share price, information for individual investors such as business contents and research and development, and coverage of corporate social responsibility (CSR) activities.

On the other hand, the annual report focuses on Anritsu's management and business strategies by top management, with the objective of promoting a deeper understanding of the Company among shareholders and investors. In addition, to keep the report compact and readable, information available on the website is only duplicated if necessary.

From the fiscal year ended March 31, 2010, the annual report will be produced in PDF format only, instead of the printed format as in the past. Moreover, it contains links to appropriate pages of the website and other features that emphasize connectivity with the website.

Web marks in the annual report indicate items for which further details can be found on the website.
