Inspection Equipment for Food and Pharmaceutical Production, Processing and Packaging

**Anritsu**  
envision : ensure

X-RAYS ♦ CHECKWEIGHERS ♦ METAL DETECTORS ♦ COMBOS ♦ REJECTORS

## X-ray Systems

SETTING THE STANDARD IN X-RAY PERFORMANCE

**15,000+**  
Units Worldwide

Anritsu x-ray systems give food & pharmaceutical producers the best combination of contaminant detection, reliability and low total cost of ownership.

- Standard **HD Imaging** for industry-leading detection
- **Advanced Long Life (ALL)** technology for up to 3X tube & detector life
- The world's **#1** food x-ray system

### FORMATS

Standard packaged, bulk, dual energy, case inspection, pipeline, side view

**XR75**  
**ALL**  
ADVANCED LONG LIFE TECHNOLOGY

## Checkweighers

BEST COMBINATION OF PERFORMANCE & PRICE IN A COMPACT FOOTPRINT

**90,000+**  
Units Worldwide

First manufactured in 1964, SSV checkweighers deliver an ideal blend of accuracy and reliability in a remarkably compact package.

- **Weighing accuracy** as low as  $\pm 0.01g$ , quoted at  $3\sigma$
- **Run speed** up to 600ppm
- **Common interface** with most Anritsu x-rays and metal detectors
- Comprehensive **data, reporting and networking**

### FORMATS

Strain gauge or force balance weigh cells, IP30 or IP66 washdown rating, single-, dual- or multi-lane, pharmaceutical capsules

**SSV**  
series

# Metal Detectors

THE INDUSTRY'S 1ST SIMULTANEOUS DUAL-FREQUENCY METAL DETECTOR

**57,000+**  
Units Worldwide

Anritsu metal detectors are precision engineered for dependable everyday performance.

**Standard** simultaneous dual-frequency technology provides outstanding ferrous and non-ferrous metal detection.

#### FORMATS

Horizontal or vertical detector heads

M6

# Combos

HIGHEST ACCURACY & DETECTION IN ONE COMPACT SYSTEM

**90,000+**  
Units Worldwide

The combo merges Anritsu's highly accurate SSV checkweigher with a dual-frequency M6 metal detector on a single frame with unified controls.

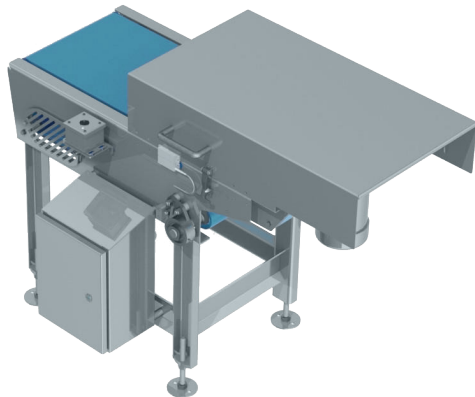

The metal detector is fully integrated with no additional boards to fail. The unified interface gives one point to run HACCP checks and pull data.

M6

SSV  
series

# Rejectors

A COMPLETE LINE OF REJECTION SOLUTIONS

Standard and custom rejectors include the following formats:

- Air blast
- Pusher
- Flipper
- Reverse flipper
- Retracting head/nose
- Drop gate
- Rotating chute

## Service & Support

The Anritsu **Performance360** program provides comprehensive service, support and training, including 24/7 technical support, remote support, training, preventative maintenance, and HACCP performance validation.

Local service technicians are available across America, each cross-trained in all Anritsu product lines.

## About Anritsu Demos

Founded in 1895 and based in Japan, Anritsu is a billion-dollar global powerhouse with a legacy of innovation in electronics, testing and measurement. Common equipment and parts are stocked in the U.S. for quick delivery to plants.
