PERFORMANCE360 HACCP VALIDATION SERVICE

For over half a century Anritsu has been an innovator in producing accurate, reliable inspection systems for food, pharmaceutical and industrial sectors. With nearly 200,000 systems installed worldwide, we pride ourselves on offering solutions that consistently protect product safety and integrity.

Performance360 services are designed to keep your x-ray, metal detection, and checkweighing equipment running safely at optimum performance and quality levels.

The **HACCP Validation Service** provides manufacturer documentation that x-ray emissions comply with regulations (including readings for your safety records), and that HACCP performance levels are achieved.

The annual HACCP service is configurable for both multiple machine types and quantities. It's an ideal means of ensuring that the equipment is meeting your standards and expectations.

INCLUDED IN HACCP VALIDATION

Safety
Complete machine safety analysis, including emission testing and documentation for x-ray systems.

Audit
Annual performance audit to confirm detection limits and system performance to original specifications.

Certificate
Anritsu's manufacturer certificate & renewal sticker shows compliance and annual renewal date.

PRICING PER VISIT

1-4 Systems
$1,400 + expenses

Each Additional System
$275 + expenses

NOTES:
- Expenses are billed at actual.
- Saturdays and evenings: Add $300/visit
- Sundays and holidays: Add $450/visit

Pricing is current as of document date in footer. Please confirm pricing for accurate quoting.

We may be able to validate HACCP specifications of non-Anritsu inspection equipment. Let us know if you're interested.
