Internal Control

Stance on Social issues

There appears no end of late to corporate scandals involving improper accounting and compliance violations. Once such a scandal occurs, there is a very real risk of a company losing the trust of its stakeholders, making the continued conduct of its business very difficult. In the midst of this environment, companies are being called on to conduct transparent and fair decision-making in activities such as ensuring financial solidity and legal compliance, aimed at preventing these kinds of incidents.

The Anritsu Group believes it is important to establish rules and clear business processes, to abide by them faithfully, and to build and strengthen its operating systems on a global basis so as to prevent any such improper conduct.

Structure

In the Domestic Anritsu Group, the Internal Control Committee deals with the validity of financial reporting, and the Corporate Ethics Promotion Committee and related committees for information management, promoting fair trade, export/import control, and environmental management with a focus on compliance. All the committees undertake the necessary deliberations, establish and operate internal control systems by implementing cross-Group information sharing and educational programs, and conduct activities to ensure effectiveness. On a global basis, the Anritsu Group has established a Global Internal Control Committee consisting of members of the internal control and promotion departments in Europe, Asia, the Americas, and Japan. This committee shares the current status of the response to risks inherent in the business activities and management issues in each region. They also support the incorporation of internal control procedures for all business processes and are conducting activities to develop an effective and efficient internal control system. Furthermore, the Internal Audit Department of Anritsu Corporation and the other Group companies, directors elected as Audit & Supervisory Committee Members, and the Management Audit Department conduct audits as part of their responsibility to evaluate the activities of

each committee and the internal control system and to offer recommendations to related organizations.
