Proposal 1: Appropriation of Surplus

The Company's basic policy for returning profits to its shareholders is to distribute profits in accordance with its consolidated performance and by taking into account the total return ratio. With regard to dividends, while taking the basic approach of raising dividend on equity (DOE) in accordance with the increase in consolidated profits for the fiscal year, the Company aims at a consolidated dividend payout ratio of 30% or more. The Company's policy is to make distributions of dividends, twice a year, consisting of a fiscal year-end dividend and interim dividend by resolution of the General Meeting of Shareholders or by approval of the Board of Directors. Under the Company's Articles of Incorporation, the Company may make distribution of dividends etc. by a resolution of the Board of Directors. At this point, the Company adopts a resolution of the General Meeting of Shareholders.

Management seeks shareholder approval for the proposal concerning appropriation of retained earnings for the 94th Business Period. This proposal is based on our basic policy and various reasons (such as the business results of the fiscal year, capital needs for enhancing competitiveness in 5G market, business development in the business area using IoT (Internet of Things) and cloud service market, strategic investments in acquiring next-generation technologies such as 6G, etc.) have been generally taken into account.

Matters concerning Year-end dividends:

Allotment of property for dividends to shareholders and total amount thereof:

20 yen per share of the company common stocks for a total of 2,752,214,120 yen

Accordingly, the aggregate annual amount of the dividends, including the interim dividends, for the 94th Business Period will be 31 yen per share.

Effective date of the dividends from surplus:

June 26, 2020

Transition of dividends

	91 st 2016	92 nd 2017	93 rd 2018	94 th 2019
Annual amount of the dividends per share (the interim dividends included) (¥)	15 (7.5)	15 (7.5)	22 (13.5)	31 (planned) (20) (planned)
Consolidated dividend payout ratio (%)	76.3	71.5	33.7	31.9 (planned)
Dividend on equity (DOE) (%)	2.7	2.7	3.7	4.7 (planned)

(Note) As to the 94th Business Period, annual amount of the dividends per share, consolidated dividend payout ratio and dividend on equity (DOE) are based on the assumption that this proposal will be approved as proposed.
