Term License Agreement

ANRITSU CORPORATION

ANRITSU CORPORATION ("Company") grants the right to use the product(s) indicated in Appendix 1 ("Product") within the license validity period, on the condition that you agree to the following terms ("Agreement"). By commencing use of the Product, you shall be deemed to have accepted and agreed to the terms of this Agreement. If you do not agree to this Agreement, please do not purchase the Product and notify Company accordingly.

Article 1 (Services Provided Under the Term License)

Within the scope of the "Software End-User License Agreement (EULA)" described in the instruction manual for this Product, Company will provide the services specified below during the Term of License set forth in Article 2.

- (1) Adjusting to Changes in Cloud Environment
Updates will be provided, if the functions of this product become inoperable due to changes in cloud service specifications.
- (2) Updates Due to Security Vulnerabilities
Updates will be provided, if Company determines that an update is required to address a security vulnerability in this Product. The criteria for determining security vulnerabilities are shown in Appendix 1.

Article 2 (Term of License)

The term of license is specified in Appendix 1.

Article 3 (Amendment of this Agreement)

If Company determines that amendments to this Agreement are in the general interest of customers or are reasonable in light of the purpose of this Agreement and the circumstances related to the amendments, Company may implement such amendments without obtaining customer consent. As a general rule, Company will announce the details of the amendments

(including the revised content and effective date) on our website at least 45 days in advance, or notify customers in writing or by email.

Article 4 (Other Provisions)

In addition to this Agreement, customers shall comply with the provisions of the instruction manual and the Software End-User License Agreement (EULA) provided with this Product.

Appendix 1

1. Product

The Product refers to any of the following purchased by the customer:

MX109030PC: Virtual Network Master for AWS

MX109030PC1: Additional Virtual Network Master for AWS

This product is installed and used within the customer's AWS account.

The product image can be obtained from the customer's AWS library after purchasing the product.

MX109031PC: Virtual Network Master for KVM

MX109031PC1: Additional Virtual Network Master for KVM

This product is installed and used within the customer's KVM environment.

The product image can be obtained from the customer's MyAnritsu library after purchasing the product.

Please note that MX109030PC1 is an additional purchase license for MX109030PC. When using **MX109030PC1-TLxxx**, at least one **MX109030PC-TLxxx** must be present within the same system.

Please note that **MX109031PC1** is an additional purchase license for **MX109031PC**. When using **MX109031PC1-TLxxx**, at least one **MX109031PC-TLxxx** must be present within the same system.

*"One system" refers to the scope of use within a single environment.

2. Criteria for Determining Security Response Necessity and Countermeasures

Security measures will be implemented by our company based on the following criteria.

- Criteria:

We identify the known vulnerabilities of the software components of this product by using our specified method and determine security response necessity based on the following conditions.

1. No vulnerabilities rated Critical or higher under CVSS v3 exist
2. False positives are excluded
3. Items rated as "No Impact" or "Low Impact" are excluded

- Response:

If a vulnerability is confirmed, we will promptly apply the security patch once it is released.

3. Term of License

The term of license is until the date specified on the "License Certificate" issued for each term license.

MX109030PC-TL003: 3 Months License

Company grants the right to use this Product for three (3) months.

MX109030PC-TL011: 1 Year License

Company grants the right to use this Product for one (1) year.

MX109030PC1-TL003: 3 Months License

Company grants the right to use this Product for three (3) months.

MX109030PC1-TL011: 1 Year License

Company grants the right to use this Product for one (1) year.

MX109031PC-TL003: 3 Months License

Company grants the right to use this Product for three (3) months.

MX109031PC-TL011: 1 Year License

Company grants the right to use this Product for one (1) year.

MX109031PC1-TL003: 3 Months License

Company grants the right to use this Product for three (3) months.

MX109031PC1-TL011: 1 Year License

Company grants the right to use this Product for one (1) year.

Version	Change Details	Notification Date	Effective Date
1.00	Initial Release	-	October 19, 2025
2.00	Appendix 1: Added description of MX109030PC1 to "1. Product". <u>Before Change:</u> The Product refers to any of the following purchased by the customer: MX109030PC: Virtual Network Master for AWS This product is installed and used within the customer's AWS account. <u>After Change:</u> The Product refers to any of the following purchased by the customer: MX109030PC: Virtual Network Master for AWS MX109030PC1: Additional Virtual Network Master for AWS This product is installed and used within your AWS account. Please note that MX109030PC1 is an additional purchase license for MX109030PC. When using MX109030PC1-TLxxx, at least one MX109030PC-TLxxx must be present within the same system. *"One system" refers to the scope of use within a single environment. Appendix 1: Renamed "2. Security Criteria" to "2. Criteria for Determining Security Response Necessity and Countermeasures," clarifying the criteria and countermeasures. <u>Before Change:</u> The results of the Black Duck Binary Analysis serve as the basis for determining the criteria described below.: CVSS v2: No vulnerabilities rated High or above CVSS v3: No vulnerabilities rated Critical or above (False positives are excluded) <u>After Change:</u> Security measures will be implemented by our company based on the following criteria. - Criteria: We use Black Duck Binary Analysis to verify that the following conditions are met: 1. No vulnerabilities rated Critical or higher under CVSS v3 exist 2. False positives are excluded 3. Items rated as "No Impact" or "Low Impact" are	January 16, 2026	March 2, 2026

	excluded - Response: If a vulnerability is confirmed, we will promptly apply the security patch once it is released.		
3.00	Added the term license models (MX109031PC-TLxxx and MX109031PC1-TLxxx) for Virtual Network Master for KVM.	April 20, 2026	April 20, 2026
4.00	Appendix 1: Changed the description about the vulnerability monitoring tool in "Criteria for Determining Security Response Necessity and Countermeasures," deleting the specific product name. The criteria for determining security response necessity and countermeasures remain unchanged.	August 28, 2026	September 12, 2026
