

Software License Install Simple Operation Guide

Signal Analyzer MS2830A / MS2840A / MS2850A

This guide explains the simple procedure for installing a software license in the Signal Analyzer MS2830A, MS2840A and MS2850A.

- Copy the license files (a below) to a folder (b below) on a USB memory stick.

- a)
- [SLIC6201536455.xml](#)
 - [WLIC6201536455.xml](#)

Note: Differs according to main unit serial number.

- b) x:\¥Anritsu Corporation¥Signal Analyzer¥Install (x: USB drive letter)

- Insert the above-described USB memory stick into the Signal Analyzer MS2830A,MS2840A or MS2850A and install the license using the procedure described on the following pages.
