

VP to-VF Adapter VP103F

Figure 1. VP103F VP-to-VF Adapter

1. Tools and Materials

Tool used to install and remove the VP103F adapter.

Name	Vendor and Model/Part Number
Jeweler's Screwdriver	any

2. Connecting to Shroud

- a. Push the adapter into a shroud. There will be a click as it snaps into place.
- b. If desired, secure the flange using 0-80 SAE or M1.4 metric screws.

3. Removing the Adapter from a Shroud

- a. Remove the screws, if installed in Step 2b.
- b. Grasp the adapter and gently pull until it disconnects from the shroud.
