

Instruction Sheet

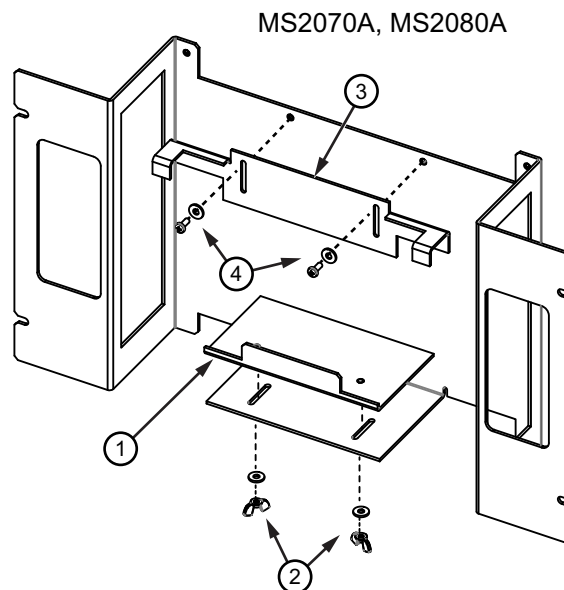

2000-2150-R Field Master Series Rack Mount Kit

The 2000-2150-R Field Master series rack mount kit is designed to fit the MS2070A and MS2080A instruments.

Assembly

Refer to the figure below during this procedure.

1. Install the bottom bracket (1) using the two wing nuts and split washers (2) while keeping the wing nuts loose for the next step.
2. Place the instrument into the rack and adjust for a snug fit to the bottom front of the instrument while tightening the two wing nuts.
3. Install the top bracket (3) as shown over the back lip of the instrument using the two Phillips screws and washers (4), and tighten.

Final assembly should look like image on next page.
